CISSP Certification:

A step-by-step strategic guide

Thank you for downloading our CISSP certification guide. Aside from this handy PDF, you can also access this critical information on SearchSecurity.com.

Earn your CISSP® with (ISC)²®

Obtaining CISSP certification is globally recognized as a standard of achievement for security professionals. Today, many large corporations and governmental agencies now require the certification for a position, thus giving CISSPs a higher earning potential and greatly expanded career opportunities.

SearchSecurity.com, in partnership with global information security educator and certification leader (ISC)², are now providing information security professionals tools and resources to earn and maintain your CISSP certification.

Step 1: Test your knowledge

First, test your knowledge by taking the CISSP practice test. This is a free benefit to SearchSecurity.com members. We encourage you to come back often while you are studying for the CISSP.

Step 2: Study for the CISSP test

- Learn more about CISSP domains
- Information Security Careers, Training and Certifications
- Buy the Official (ISC)² hard cover "Guide to the CISSP CBK"; also available as an iBook.
- Subscribe to the CISSP Webcast Series.

Contents

Step 3: Practice the CISSP test

This practice session will offer you a preview of 20 questions pulled straight from previous CISSP exams to give you a sneak peak of what the certification exam entails.

Come back daily for a new batch of questions and check out our related study resources to help boost your score.

As a member of SearchSecurity, you have free access to our database of CISSP practice test questions, presented in cooperation with (ISC)[2].

Take the test now

Step 4: Schedule your exam date

You can schedule your exam with Pearson Vue (ISC)[2] testing partner.

Already a CISSP?

SearchSecurity.com has the resources you need to earn your CPEs -- including these (ISC)[2] approved methods:

- Attend a local, live seminar with industry experts.
- Go online and participate in one of our Virtual Events.
- Stay informed with Information Security magazine.
- Use our free online training courses

Learn more about SearchSecurity.com's CPE options.

What is CISSP?

- To learn more about CISSP certification check out their website.

- And for more information, please email (ISC)[2] Education or call +1.866.462.4777 (toll-free in North America only) or +1.703.891.6781 outside the United States.
